REPORT

ON

PUBLIC INSTRUCTION IN COORG,

FOR THE YEAR

1889—90.

BY

E. MARSDEN, Esq., B. A.,

Inspector of Schools.

———:o:———

WITH REVIEW BY

COLONEL SIR OLIVER St. JOHN, K. C. S. I., R. E.,

Chief Commissioner of Coorg.

Price 12 Annas.

Proceedings of the Chief Commissioner of Coorg, (Educational),—No. 1218—141-90, *dated* 6*th August* 1890.

READ—

Letter No. 239—145, dated the 3rd July 1890, from the Commissioner of Coorg, forwarding the annual report on public instruction in Coorg for the year 1889—90.

Letter No. 249—152, dated the 5th July 1890, from the same officer regarding certain inaccuracies in the report.

ORDER No. 1218—141-90 DATED BANGALORE, 6TH AUGUST 1890.

The discrepancies referred to by the Commissioner in paragraph 2 of the first of the above letters have been explained and corrected.

2. The Inspector should report on the practicability of establishing Government schools exclusively for girls at Merkara and Virajendrapet.

3. The thanks of the Chief Commissioner are due to the gentlemen who have provided school buildings at their own expense, namely

Mr. M. Bopanna. | Mr. O. Basappa. | Mr. C. Basappa. | Mr. Muddaya.

The remarks made by the Inspector regarding those who have promised to build schools but have failed to do so seem severe and especially so in the case of the Commissioner's Head Sarishtedar Mr. M. Belliappa.

It is understood that Mr. Belliappa still keeps to his word and is making earnest endeavours to get the school at Kunda built before the end of the year.

4. The remarks made by the Inspector regarding the endowment fund of the central school at Merkara seem to be justified. The dwindling of this fund will be separately considered.

5. The general results of the year under review are satisfactory.

6. The report is perhaps longer than the circumstances of Coorg seem to require.

L. S. NEWMARCH

Secretary to the Chief Commissioner of Coorg.

To—The Commissioner of Coorg.
" " Inspector of Schools, through the Commissioner.

FORWARDED BY ORDER

No. 239—145, dated the 3rd July 1890.

From—Colonel T. G. Clarke, Commissioner of Coorg.

To— The Secretary to the Chief Commissioner of Coorg, Bangalore.

I have the honor to transmit the annual report on public instruction in Coorg for the year 1889—90 furnished by the Inspector of schools. The report reached the office on the 1st instant. Mr. Marsden explains that the delay has been due to sickness in his office establishment.

2. There are several discrepancies in the figures contained in the report which have been pointed out by me to the Inspector with a request that the explanation may be furnished to your office direct, to save time.

3. The report indicates fair progress. One school only has been added to the number of rural primary schools, the attendance at which has increased by 138 or 5 per cent over that of the previous year. On the other hand there has been a decrease in the number of pupils at the Merkara central high school, and at the anglo-vernacular schools (primary) at Hudikeri, Napoklu, and Nelagi, due to temporary and accidental causes. There is thus a net increase of 20 only on the rolls for all the schools.

4. The realizations from school fees show an increase of 6 per cent, following upon an addition of 7 per cent in the preceding year.

5. Of the total number of students, namely 4,199, 2,523 or 60 per cent are Coorgs. The Coorgs who themselves comprise about one-fifth of the whole population of the province, number approximately 27,000. The school going Coorg population, calculated on the usual basis of one-sixth, should thus be 4,500; while the actual number attending school is less than one-tenth.

6. In the 56 primary vernacular schools in the nads, the average number on the rolls is 51·6; the average in Padinalknad taluk being as high as 78 per school, in Yedinalknad taluk 57·7, and in Kiggatnad taluk 49·8. In the other taluks where the population is largely composed of non-Coorgs, the average is less. These figures point I think to the necessity of increasing the number of primary schools in the three first named taluks.

7. The total expenditure as shown at paragraph 18 of the report amounted to Rs. 41,713, as compared with Rs. 39,615 in the previous year. The items of increase are under the heads of (1) inspection and (2) miscellaneous. Under the head of instruction, there was a marked decrease. The quota of pay of the Inspector viz, one-sixth has been for the first time properly exhibited under the charges of inspection. The charges under "miscellaneous" include a grant of Rs. 2,500 from provincial funds for the re-construction of the Hudikere anglo-vernacular school.

8. The report refers (paragraph 26) to the falling off in the attendance at the Merkara central high school, the decrease being 34 in the past year, and 14 in the previous year. The fact that the school at Virajendrapet has been of recent years made a first grade middle school has no doubt, as the Inspector states, led to the withdrawal of some boys from Merkara, whose homes are in the South Coorg, and more conveniently situated therefore for attendance at Virajendrapet. The boarding houses at Merkara are inexpensively managed, but the charges on this account are additional to the fees, and this circumstance necessarily weighs with poor parents.

9. A boarding house in connection with the school at Virajendrapet is a great disederatum, as the Inspector remarks (paragraph 34). Mr. Mukate Iyappa of Devangeri undertook to spend Rs. 5,000 upon the building, but according to the Executive Engineer's estimate, a suitable building would have cost double or trible that sum. The necessary amount might have been made up by other donors but Mr. Iyappa apparently did not wish to share the merit with others, and an opportunity having occurred of purchasing a suitable building for a hospital and dispensary at Gonikopal, in the Kiggatnad taluk, he was prevailed upon to expend the same sum on acquiring it, and making it over to government for the public benefit.

10. There are, as the Inspector reports, no government schools exclusively for girls in the province. They attend chiefly the rural primary schools, and the number of female students is increasing every year; the number on the rolls being now 619.

11. In paragraph 33, the Inspector refers to the unsatisfactory condition of the school plantation endowment fund, and complains that he has not been consulted by the committee as to any matter affecting it. Mr. Marsden is no longer a resident at Merkara, and his place has been taken by Mr. Moss, the Head-master of the central high school. The functions of the committee are mainly concerned with the management of the school plantation and the provision of the funds. It is not clear that any purpose can be served by furnishing the Inspector of schools with copies of the committee's proceedings, though he will always be informed and consulted as to matters of which he ought to have cognizance. I may mention in this connection that the committee last year sought and obtained the assistance of the Inspector in revising the rules for the regulation of discipline, &c., in the school boarding houses. Several recommendations submitted in March last for the amendment of those rules, are still before the Inspector.

No. 249—152, dated the 5th July 1890.

From—Colonel T. G. Clarke, Commissioner of Coorg.

To—The Secretary to the Chief Commissioner of Coorg, Bangalore.

In continuation of my letter No. 239—145, dated 3rd instant, transmitting the annual report on public instruction in Coorg, for the year 1889—90, I have the honor to state for the information of the Chief Commissioner, that with reference to the remark of the Inspector of schools, that the two aided Mission girls' schools at Merkara, one known as the Hill or bazaar school in the town, and the other as the upway-school at the Mission house, were in one case empty, and in the other case, had few or no girls in it (I quote from memory), I have obtained from the Rev. J. Hafner statements showing the number of girls on the rolls in both schools, and the daily attendance—copies of these lists are enclosed.

2. It will be observed from these lists that in the Hill or bazaar school in the pettah, the average number of girls on the rolls has been 14·42 throughout the year, and the attendance 7·32. In the upway school, the average on the rolls was 7·91, and the attendance 5·25. In the bazaar school, boys have been admitted of late, but for the purpose of the present inquiry, I did not ask Mr. Hafner to furnish their numbers.

3. Mr. Hafner was absent from Merkara at the time of Mr. Marsden's inspection and this circumstance would seem to account for the erroneous statements contained in the report, as well as to fact that much sickness prevailed at that time.

Statement showing the number of girls on the roll and the daily attendance from April 1889 to March 1890 :—

No. 147—C.

OFFICE OF THE INSPECTOR OF SCHOOLS, COORG.

Dated, Camp Bangalore, the 28th June 1890.

FROM

THE INSPECTOR OF SCHOOLS, COORG.

To

THE SECRETARY TO THE CHIEF COMMISSIONER OF COORG.

SIR,

I have the honor to submit the annual report on education in Coorg for the year 1889—90. I have, in accordance with instructions, made it as concise as possible.

I (*a*) GENERAL SUMMARY.

2. The *number* of public schools, departmental, municipal, and aided, has increased from 74 to 75 *i. e.* by 1, and the attendance from 4,179 to 4,199 *i. e.*, by 20 pupils. The corresponding increase last year was 415 pupils.

3. The *fees* in all classes of schools have risen from Rs. 7,727 to Rs. 8,211 *i. e.* by Rs. 484 or 6 per cent. There was an increase last year over the preceding year by 7 per cent. The increase was distributed between all classes of schools as follows :—

(1) Departmental	from Rs.	5,087	to Rs.	5,163	*i. e.* by	1·5	per cent
(2) Municipal	„	1,583	to „	1,768	„	11·6	„
(3) Aided	„	1,057	to „	1,280	„	21·1	„

4. In the *Merkara High School*, the most important institution in Coorg, the attendance has fallen from 336 to 302, and the fees from Rs. 3,422 to Rs. 3,311. Ten students matriculated against 7, and 9 passed the middle school examination against 19, the year previous.

5. The *Normal School* continues to do good work. Three students passed the middle school examination in the vernacular.

6. At the *Virajpet English school* the attendance has risen from 161 to 167, and the fees from 1,225 to Rs. 1,408. One student passed the middle school examination to 4 last year.

7. *The Rural Primary Schools* have improved both in attendance and fees. The former has risen from 2,756 to 2,894 and the latter from Rs. 1,281 to Rs. 1,410 *i. e.* by 10·07 per cent. There were 56 of these schools at work at the close of the year. The average attendance in each rose from 50 to 52 and the average gross annual cost of educating each pupil was Rs. 2—15—3 against Rs. 3—3—8 the previous year.

8. The number of *scholarships* remained the same as during the year previous. Nineteen were held by old students of the Central school at various colleges in Madras, Bangalore and Mysore. Of this number, 15 were Coorgs, 2 Brahmins and 2 " other Hindus."

9. *Buildings.*—A good school-house, roofed with Mangalore tiles, was built at *Pulicode* by Mr. M. Bopanna. A fairly good house, thatched, was built for the school at *Garwale* by Mr. O. Basappa, who has promised to roof it with tiles next

year. At *Eivatoklu* the old school has been put in thorough repair by Mr. Muddaya. The school at Somvarpet built by Mr. C. Basappa was completed and occupied. The Coorg gentlemen who engaged to build schools at Ponampet, Kunda, Ammatti and Siddapur, do not appear to have taken any steps towards the fulfilment of their promises. The Head Sheristadar Mr. M. Belliappa has been promising to build a school at his native village Kunda for the last eight years, but in spite of repeated reminders has failed to do anything. Unless a school-house be built at Kunda before the close of the current calendar year, the school will be transferred to some other locality where more interest is felt in education than by the head of the Maneypandra house.

10. *Visits paid to schools by civil officers.*—The returns sent in by masters shew that 20 schools outside municipal limits were visited by the Commissioner of Coorg, 7 by the District Magistrate, 29 by the Civil Surgeon (in connection with vaccination), 1 by a Subedar and 2 by 2 Parpattigars. As a rule Subedars and Parpattigars neither know nor care anything about schools.

I (*b*). Statistical Summary.

11. The following statement compares the number of public schools and pupils in them during the past year with those of the year before:—

Class of schools.	1888—89.		1889—90.		Difference.
	Schools.	Pupils.	Schools.	Pupils.	
Secondary education.					
Government secondary schools, English	1	336	1	302	— 34
Municipal do do	1	161	1	167	× 6
Aided do do	1	20	1	22	× 2
Primary education.					
Government primary schools, English	3	127	3	97	— 30
Do superior do Vernacular	2	172	2	171	— 1
Do rural do do	55	2,756	56	2,894	× 138
Municipal primary do do	5	353	5	320	— 33
Aided do do do	5	241	5	214	— 27
Special schools.					
Government normal school, Vernacular	1	13	1	12	— 1
Total	74	4,179	75	4,199	× 20

It will be seen that there were 75 schools in operation at the close of the year to 74 the previous year. One primary school (that at *Badagarakeri*) was closed, and two more were opened (at *Kumtur* and *Garnale*). There was a slight increase in the total attendance from 4,179 to 4,199.

12. *Classified according to race or creed* these pupils include—

2,523 Coorgs	104 Native christians
1,350 Other (caste) Hindus	122 Mahomedans
23 Europeans and Eurasians	77 Others.

13. *Classified according to sex*, there were 3,574 boys and 625 girls.

14. *Private or unaided schools.* In addition to the schools and pupils noted above, the returns, sent in by Subedars of taluks, shew 23 private elementary schools with 345 pupils, of whom 293 are boys and 52 girls. The total amount collected in the shape of fees has not been reported; but it is said that the average monthly income of masters of private schools varies from Rs. 5 to Rs. 10.

15. *The distribution of pupils according to the position or occupation of their parents* is as follows:—It will be noted that the great majority, (about 70 per cent) are land-holders or farmers.

	Officials.	Land-holders.	Traders	Artisans	Coolies.	Others.	Total.
Central school, Merkara	87	199	10	4	1	1	302
English primary schools (departmental) ...	10	86	...	...	...	1	97
Vernacular do	185	2,301	147	62	109	90	2,894

Aided schools	28	97	27	7	43	34	236
Total.....	349	2,976	367	137	210	160	4,199

16. *The distribution of pupils according to the income of their parents* is as follows. As compared with other provinces in India, there is an unusually high proportion, over 31 per cent, belonging to the middle classes.

	Richer classes (drawing an income of Rs. 5,000 or upwards per annum.)	Middle classes (drawing an annual income of Rs. 200 and upwards, but less than Rs. 5,000.)	Poorer classes (drawing an annual income of less than Rs. 200.)	Total.
Central school Merkara	43	196	63	302
English primary schools (department ...	...	29	68	97
Vernacular do	118	721	2,055	2,894

Normal school, Merkara	...	10	2	12
Municipal schools	133	208	146	487
Aided do	15	75	146	236
Total.....	320	1,324	2,555	4,199

17. *Vaccination.*—There has been some improvement under this head. The statement below shows that there were 201 visits paid by vaccinators to 190 and that 1,107 children were vaccinated to 1,053 the year previous. Of the total number in attendance 468 or 11 per cent are unprotected.

	Number of pupils.			Number of visits paid by vaccinators.	Number of pupils vaccinated during the year.
	Protected i e. either vaccinated or small-pox marked.	Small-pox marked.	Unprotected.		
Central school, Merkara	235	67	...	1	40

I. (c) Financial Summary.

18. The expenditure on education from all sources, amounted to Rs. 41,713 against Rs. 39,615 the year previous. In the statement given below, it is distributed as follows between the 4 heads of receipt (1) imperial funds (2) municipal funds (3) fees (4) endowments and other sources. The direct expenditure on instruction has fallen from 77·6 to 68·48 per cent. The 22 per cent under head "miscellaneous" is indirect expenditure on instruction, consisting of (1) the cost of scholarships (2) the cost of stipends to boarders (3) extraordinary expenditure on buildings.

Head of charge.	From imperial funds.		From municipal funds.	From fees.	Endowment and other sources.		Total.	Percentage to total expenditure.
	Proper.	Plough tax.			Departmental schools.	Aided schools.		
Direction ...	...	...	...	...	...	...	...	...
Inspection ...	(a) 3,976	...	...	...	...	...	3,976	9·5

Total.....	21,562	5,750	1,852	8,211	3.592	746	41,713	100
Percentage.....	51·7	13·8	4·4	19·7	8·6	1·8	100	...

(a). Proportionate (one-sixth) pay and travelling allowance of Inspector, pay and travelling allowance of establishment and of Deputy Inspector.

(b). See paragraph 20 below for details.

(c). Cost of scholarships and stipends to boarders and pay of supervisor, also extraordinary expenditure on repair of the Hudikere school.

(d). Expenditure from school plantation fund. See appendix C below.

19. *Imperial funds* contributed 51·7 per cent of the total expenditure against 47·3 per cent the year previous, and has risen from Rs. 18,747 to Rs. 21,562, the chief reason being extraordinary expenditure to the amount of Rs. 2,500 on the repair and enlargement of the Hudikere school house. The *plough-tax* (formerly considered a local cess) paid 13·8 per cent of the total expenditure. *Municipal funds*. The expenditure rose from Rs. 1,768 to Rs. 1,852 *i. e.* by Rs. 84 and was 4·4 of the total expenditure. *Fees* contributed 19·7 per cent of the total expenditure to 19·5 the year previous. The expenditure from this source rose from Rs. 7,727 to Rs. 8,211 *i. e.* by Rs. 484. The fees in—

(1) Departmental schools rose from Rs. 5,087 to Rs. 5,163 i. e. by Rs. 76
(2) Municipal do do „ 1,583 to Rs. 1,768 „ by „ 185
(3) Aided do do „ 1,057 to Rs. 1,280 „ by „ 223

20. The direct expenditure on instruction may be analysed as follows:—

Class of institutions.	Departmental schools.					Board schools.			Aided schools.					Total.
	From imperial funds.		From fees.	From municipal funds.	Total.	From municipal funds.	From fees.	Total.	Aid from imperial funds.	Aid from municipal funds.	Fees.	Other sources.	Total.

II. Controlling Agencies.

21. The same arrangement continued as in the year previous. I continued to be Inspector of schools for the western circle which includes Malabar and South Canara, (in Madras), Coorg, and the Civil and Military Station of Bangalore.

The following statement gives the usual figures regarding the inspection work done by myself and the Deputy Inspector and compares the distance travelled and the number of inspection visits paid during the year under report with those of the year previous. My head-quarters are at Calicut. I was in Coorg from the 3rd of of March to the 4th of June. I inspected 66 schools, was in Merkara 27 days and in the district (out of Merkara) 35 days :—

Name.	Race or caste.	Official designation.	Linguistic qualifications.	Service. (years)	Salary.	Number of miles travelled.			Number of inspection visits.			Number of days absent from head-quarters.		
						1888—89.	1889—90.	Difference.	1888—89.	1889—90.	Difference.	1888—89.	1889—90	Difference.
Mr. E. Marsden, B. A., Fellow of the Madras University.	European.	Inspector of schools.	High Proficiency, Persian. Do. Hindustani. Higher standard, Canarese.	24	750	290	454	+164	34	66	+32	28	*35	+7
M. Raghunatha Rao, F. A.	Brahmin.	Deputy Inspector.	F. A. Canarese. Trained in the Madras Normal school	12	75	1,415	1,697	+282	149	236	+87	137	186	+49

*In Coorg 62 days, of which 27 at Merkara and 35 in the district.

22. The Deputy Inspector *Raghunatha Rao* was in charge of the range during the year and did good work. He was 186 days or about 6 months away from head quarters, travelled 1,697 miles and paid 236 inspection visits. His clerical work is very heavy. He has no writer. If he had one, he might do more inspection work. This matter will be made the subject of a separate communication.

III. University Education.

23. There is no college in Coorg. As remarked in previous reports, the policy of government has been, instead of opening college classes in the central school, to bring the benefits of collegiate education within reach of the inhabitants of the province by means of a liberal scheme of scholarships, tenable at the large and well equipped first grade colleges at Madras and Bangalore.

24. The chief institution is the central school at Merkara which has high, middle and primary departments, and works up to the matriculation standard of the Madras University. During the year under report ten students matriculated, and the first five were awarded scholarships.

25. Details regarding the 19 students holding imperial and endowment scholarships will be found in appendix A, at the end of the report.

IV. School Education, General.

(A.) English Secondary Schools, Departmental.

26. *The Central School, Merkara*, is the most important institution in the province. The attendance for the last three years is shown in the margin. The decrease is probably due partly to the opening of an English class in the municipal school in the pettah and partly to the attractions of the large and flourishing middle school at Virajpet which is more convenient of

Department	1887-88	1888-89	1889-90.
High	62	63	47
Middle	160	169	160
Primary	128	104	95
Total	350	336	302

access to the inhabitants of South Coorg than Merkara. The central school is not large enough to hold more than about 300 boys comfortably. The fees fell from Rs. 3,422—12—0 to Rs. 3,311. The results of the matriculation examination were fair, as regards the absolute number passed, viz., ten (two in the first class) but the percentage, 34·5 of passed candidates, was indifferent as 28 students were examined. The results of the middle school examination were very poor, only 9 passing out of 43 presented. This unfortunate result was however chiefly due to the extreme severity of the paper in mathematics which caused the failure of a large number of candidates in nearly every school in the presidency.

27. *School-staff.*—Mr. C. W. Moss, B. A., continued in charge through the year. There were one or two changes among the assistants. A complete list of the staff, with the pay and services of each member, will be found below in appendix B, of this report.

28. *Athletics.*—The formation of a school company in connection with the Coorg Rifle Volunteers, was to the great regret of all concerned, negatived by government. The boys are however regularly drilled by the gymnastic instructor Bopu, and Mr. Moss himself who is an enthusiastic volunteer. Cricket and lawn tennis are regularly played and gymnastics practised. A complete set of new apparatus is badly wanted. The money has been granted from endowment funds, but owing to the difficulty of procuring seasoned timber in Merkara, the articles have not yet been obtained. They will be procured, shortly, from Bangalore.

29. *Library.*—A few new books were added during the year. There are now 815 books and 558 pamphlets. There were 580 volumes taken out for perusal by masters and students against 551 the year previous.

30. *The Literary Union* in connection with the school continued to flourish under its Secretary Mr. T. G. Rice, B. A., the first assistant master. The subscriptions from members amounted to Rs. 281 and the expenditure to Rs. 233, leaving a balance of Rs. 48 which with the opening cash balance of Rs. 171 left a sum of Rs. 219 to credit at the close of the year. The principal local newspapers are taken in.

31. *The Thomson prize fund* consists of Rs. 1,000 subscribed by the Coorgs to perpetuate the name and memory of Colonel H. G. Thomson, a former popular Commissioner of Coorg. It is invested in 4½ per cent government paper. The interest is spent on the purchase of prizes. The balance to credit at the close of the year was Rs. 125—10—9.

32. *Boarding school.*—A detailed account of this institution will be found in the annual report for 1883—84. The discipline in both the boarding houses is reported by the principal to have improved greatly during the year, in consequence of the appointment of two good managers, who are strict disciplinarians. They are inspected punctually every week by Mr. Moss himself, and all complaints inquired into. There were 92 boys in residence at the close of the year.

33. *Endowment Fund.*—This fund appears to me to be gradually drifting into a very unsatisfactory condition. It is managed by a committee. No account of their proceedings was sent to me during the past year, nor was my opinion asked for on any matter. When I was stationed at Merkara, I was a member of the committee, but since my transfer to Calicut, I have had no means of knowing what is done. The fund is derived from the rent of a coffee estate which was leased out a few years ago to several leading Coorgs, at an annual rental of Rs. 3,100 the agreement being for 16 years. Subsequently all but one were allowed to withdraw from the agreement. The remaining lessee does not seem to have kept to the terms of the lease and to have been allowed by the committee last year, two remissions of rent, amounting to Rs. 1,500. If this state of matters be allowed to continue the fund will, before long, come to an end, and the loss to the central school and to education in Coorg will be very great. A complete statement of receipts and expenditure for which I am indebted to the kindness of the Commissioner will be found in appendix C, to this report. It will be seen that the balance at the close of the year in government securities was Rs. 6,000, and in the Treasury, Rs. 129—1—11. The expenditure on educational objects during the year was Rs. 2,563—9—0. The actual receipts from the rent of the estate amounted to Rs. 2,000 only, instead of Rs. 3,100, the rent agreed upon. There was an outstanding balance at the close of the year of Rs. 375—11—11.

Secondary Schools

Municipal.

34. The large and flourishing *first grade middle school at Virajpet* is the only institution under this head. It has rapidly improved during the last 4 years as will be seen by the figures in the margin. The fees more than covered the total cost of maintenance which for the year under report amounted to Rs. 1,380 only. The increase in attendance necessitated the strengthening of the staff which now includes a head master on Rs. 40 rising to Rs. 50, and five assistants on salaries ranging from Rs. 10 to Rs. 25. It is proposed next year to raise the pay of the staff and to appoint a gymnastic instructor. Provision has been made, in the current year's budget, for the erection of a house for the head master and of a new building for the canarese branch. The results of the annual inspection were fair, but those of the middle school examination poor, only one student being successful out of 13 presented. The projected boarding house was not built, as Mr. M. Ayappa, who promised to spend Rs. 5,000 on this object, withdrew from his promise. The accommodation in the school is insufficient, owing to present large attendance. The building should be enlarged, the ground round it improved, and a complete set of gymnastic apparatus provided.

	Roll.	Fees.
1886—87 ...	90	Rs. 695
1887—88 ..	126	„ 921
1888—89 ...	161	„ 1,225
1889—90 ...	167	„ 1,408

IV. School Education, General.

B. Primary Schools.

35. The number of public primary schools of all classes was 71 at the close of the year, to 70 the year previous. The attendance rose from 3,649 to 3,696, *i. e.*, by 47 pupils. These schools include 3 English primary, 2 Hindustani, 1 Tamil and 65 Canarese schools as follow :—

(a). 2 Upper Primary English Schools (imperial funds)
(b). 1 Lower Primary do do
(c). 2 Superior Canarese schools do
(d) 56 Rural Primary do do
(e). 4 Aided vernacular do do
(f). 1 Do do do (Municipal funds)
(g). 5 Municipal Primary schools do

English Schools.

(A) and (B) Departmental primary schools.

36. There are 3 primary schools in which English is taught, all of them in South Coorg. The following statement compares the attendance and fees in them for the last 3 years:—

	1888—89.				1889—90.						Remarks.
	Attendance.	Fees.			Number on the roll.	Average monthly roll.	Average daily attendance.	Fees.			
English school, Hudikeri	50	99	9	0	37	43	27	101	14	0	
Do do Napoklu	45	95	10	0	41	42	30	108	0	0	
Do do Nelaji	32	75	14	0	19	25	16	38	14	0	
Total	127	271	1	0	97	110	73	248	12	0	

The decrease in the attendance at Hudikeri is reported to be due to the fact that towards the close of the year the school-house being in a dangerous condition had to be vacated and the classes held in the open air. This led to the with-

drawal of a good many children. Arrangements have recently been made for the repair of the school. At Nelaji, the master, who has latterly neglected his work, will be removed and a better man put in his place.

VERNACULAR SCHOOLS.

(C) and (D) Departmental.

37. There are two classes of schools of this description. 'Superior' vernacular schools maintained from imperial funds and nad or rural primary schools formerly maintained from the plough tax, but last year transferred to imperial funds. There are two 'superior' schools, at Kodlipet and Somvarpet with 171 pupils. The staff at each school consists of a head master on Rs. 20 and an assistant on Rs. 10. At Somvarpet there is, in addition, an assistant paid Rs. 5 from municipal funds. At Somvarpet a class for girls exclusively has recently been opened with about 20 pupils and placed in charge of another assistant paid Rs. 5 from municipal funds. The attendance and fees in each of these schools are shown in the following statement:—

	1888—89.				1889—90.			
	Attendance.	Fees.			Attendance.	Fees.		
Superior vernacular school, Kodlipet	70	92	12	0	67	88	8	0
Do Somvarpet	102	96	3	0	104	104	4	0
Total.....	172	188	15	0	171	192	12	0

38. The number of *rural or nad primary schools* has increased by 1 and the attendance and fees have risen,—the former from 2,756 to 2,894 and the latter from Rs. 1,205 to Rs. 1,410-8-4. The average number of pupils in each school has risen from 50 to 516, and the average amount of fees paid in each from Rs. 25 to Rs. 30. Eleven of these schools had "branch schools" attached, in separate houses. Each of them is in charge of an assistant on Rs. 3 or Rs. 5 and is periodically visited and examined by the head master of the main school.

39. The subjoined statement shows how the rural primary schools are distributed over the taluks of Coorg:—

Taluk.	No. of schools.	Number of pupils on the roll on the 31st March 1890.			Average number of pupils in a school.
		Boys.	Girls.	Total.	
Padinalknad	11	681	178	859	78·
Kiggatnad	13	528	120	648	49·8
Yedenalknad	10	425	152	577	57·7
Nanjarajpatna	8	310	21	331	41·4
Merkara	9	261	42	303	34
Yelusavirashime	5	173	3	176	35·2
Total.....	56	2,378	516	2,894	51·6

40. With reference to the attendance, standard fees and general condition of these schools, 11 may be considered very good, 20 good, 19 fair, and 6 poor. The best 3, all in Padinalknad taluk, are those at *Karada* with 174 pupils, *Eivatoklu* with 118 pupils and *Napoklu* with 104 pupils.

41. The masterships are 57 in number (exclusive of the mastership of the Nelaji English school) twenty being of the first grade on Rs. 12, twenty-nine of the second grade on Rs. 10 and eight of the 3rd grade on Rs. 7. There are in addition 12 assistants on Rs. 5 each and 24 pupil teachers on Rs. 3. There was one mastership vacant at the close of the year.

42. *Classified according to race*, the 92 masters, assistants, and pupil teachers, include 60 Coorgs, 20 'other' Hindus, 11 Brahmins and 1 Native Christian.

43. *With reference to their qualifications*, 12 masters have passed the middle school examination, 7 the special upper primary, 8 are unpassed and untrained and the rest have passed through the old normal school at Merkara. As regards their general knowledge, intelligence and work, 15 are very good, 20 good, and 21 fair.

E. Municipal Primary Vernacular Schools.

44. There are five municipalities in Coorg, at Merkara, Virajpet, Fraserpet, Somvarpet and Kodlipet. Only the two first are of any importance. In them there is a fixed educational fund made up of an allotment of two-fifths of the tax on the sale of liquor and of the fees paid by pupils in the schools. From this fund all schools, English and Vernacular, are maintained in Virajpet, and in Merkara—all schools, except the central high school and normal school. In the other places there is a small contribution to education which is utilized in the purchase of prizes and furniture In Somvarpet an assistant in the superior vernacular school was also paid for from municipal funds.

45. Details regarding the Virajpet English municipal school were given above in paragraph 34. The details for the other five schools are shown in the following statement:—

Schools.	No. of pupils on the 31st March 1890.			Average monthly attendance on the roll.	Average daily attendance	Fees.		
	Upper primary.	Lower primary.	Total.			Rs.	A.	P.
1. Canarese school, Virajpet	11	112	123	119	86	128	0	0
2 Hindustani school do	3	16	19	40	26	38	7	6
3. Canarese school, Merkara	12	62	74	79	73	94	11	0
4. Hindustani do	24	32	56	61	52	68	10	0
5. Tamil do	12	36	48	35	30	29	15	0
Total.....	62	258	320	334	267	359	11	6

All the above are in a very fair condition except the Virajpet Hindustani school which, owing probably to the neglect of the master, has fallen off considerably in attendance and fees. The results of the examination of this school were very poor.

(F) and (G) Aided Primary Vernacular Schools.

46. The number of these schools remains the same, 5, but the attendance has fallen from 241 to 214 while the fees have risen from Rs. 132 to Rs. 188. Details are as follow.—

Name of school.	Number of pupils on the roll on the 31st March.	Receipts from												Remarks.
		Fees.			Government grant-in-aid.			Other sources.			Total receipts expenditure.			
1. Catholic boys' school, Virajpet ...	59	53	4	0	120	0	0	156	12	0	330	0	0	Good.
2 Do Kedamullur	61	53	8	0	120	0	0	20	0	0	193	8	0	Good.
3. Basel Mission, Anandapur ...	34	24	0	0	120	0	0	132	0	0	276	0	0	Poor.
4. Do Upway school, Merkara ...	16	21	0	0	120	0	0	77	1	0	218	1	0	Bad.
5. Do mixed school, Mahadeopet...	44	36	6	0	120	0	0	120	4	1	276	10	1	Fair.
Total.....	214	188	2	0	600	0	0	506	1	1	1294	3	1	

V. School Education, Special.

47. *Normal School, Merkara.*—A detailed account of the work done at this institution will be found in my annual report for 1885—86, paragraphs 108—113, 114. At the beginning of the year there were 13 students. During the year there were 1 withdrawal, 1 death and 1 admission, leaving 12 students at the close of the year. No students were sent out as masters as the course of study extends over 3 years, and those in the school had been barely two years at work.

The 12 students included 5 Coorgs, 3 Brahmins, 3 Devangas, and 1 Sudra. As to previous occupation, 5 were head-masters of the second grade, 3 were head masters of the third grade, 3 were assistant masters and one a pupil teacher. As to locality, 2 belong to Kiggatnad taluk, 2 to Yedenalknad, 1 to Padinalkuad, 3 to Merkara and 4 to Nanjarajpatna.

Work of the year.—The students who had passed the special upper-primary the previous year were sent up for the middle school examination in December. Twelve were presented and three passed. This result was poor but not worse than that in the majority of schools in the Presidency in which there was last year a general failure owing chiefly to the severity of the paper in mathematics in which 75 per cent of the examinees failed. In consequence of the extraordinary percentage of failures, the Commissioner for the U. C. S. examinations held a special examination in May for which those candidates who failed in December again presented themselves. The results are not yet available.

The work of the head master, Mr. Dasappa was, on the whole, satisfactory.

VI. Female Education.

48. The number of girls in public schools has risen from 580 to 625. This increase is confined to the nad schools which now contain 516 girls to 455 the year previous. There are 524 girls in government schools, 36 in municipal, and 65 in aided schools. There are no girls' schools, properly so called, in Coorg. The Basel Mission have two schools (at upway and in the bazaar in Merkara) opened originally as girls' schools. They now contain however scarcely any girls. The latter is attended almost entirely by boys, and the former is nearly empty.

The number of girls in private unaided schools is returned as 52.

VII. Education of Special classes.

A. Europeans and Eurasians.

49. The only school for Europeans and Eurasians is *St. Marks School at Merkara.*

Attendance.—There were 22 pupils on the roll at the close of the year against 20 the previous year, 16 being boys and 6 girls. The middle department contained 9, the upper primary 8, and the lower primary 5 pupils.

Fees, amounted to Rs. 1,092—8—0 against Rs. 924—8—0 the previous year, and the government grant to Rs. 1,100 of which Rs. 900 was a lump grant and Rs. 204 attandance grants. The receipts from subscriptions, donations, and other sources amounted to Rs. 320—11—3.

The *expenditure* amounted to Rs. 2,438-0-10 against Rs. 2,196 the year previous.

Staff—Miss White who had been the head mistress for some time past died during the year to the great regret of all connected with the institution. She was succeeded by Miss Staunton who resigned after a stay of 3 months. The school is now in charge of Mr. S. Kelly, B. A., who came well recommended from the Doveton College at Madras. He is assisted by Miss Dalton, a trained and certificated teacher.

Examinations.—Two pupils were presented for the higher examination for women, of whom one passed. The results of the annual inspection were good.

B. Mahomedans.

50. There are two special schools for Mahomedans at Merkara and Virajpet. Both are maintained from municipal funds. The attendance fell from 118 to 75, owing to the unpopularity of the Virajpet master who seems to have neglected his work. It is most difficult to secure a good master at this place. The Merkara school did very well throughout the year. The master is popular, hard working, and efficient. There are, in addition to the pupils in these schools, a few Mahomedan boys, 47 in departmental and 25 in private schools, who learn Canarese and in a few cases, English. The total number of Mahomedans under instruction was 147 to 175 the year previous.

The Mahomedan residents in Coorg are chiefly Labbays, Mappilas, Pindaris and Nawayats, none of which classes cares as a rule for education. The majority appear to come to Coorg to engage in trade or to work on the plantations and leave their families in their native places.

C. Native chiefs and other special classes.

51. There are no special schools for native chiefs in Coorg. The only institution for a special class is a school for parayas at Hebbale. It is included in the number of nad schools and contains 20 pupils to 18 the year previous.

VIII. Private or Unaided Schools.

52. A detailed description of schools of this type will be found in paragraph 65 of the annual report for 1882—83. There are now reported to be 23 schools to 28 last year. Details are as follow :—

Taluk or municipality.	No. of institutions.	Number of pupils on the 31st March 1890.			Average number on the roll.	Average daily attendance.	Classification of pupils according to race or creed.					Fees.
		Boys.	Girls.	Total.			Coorgs.	Other Hindus.	Mahomedans.	Native Christians.	Total.

Total.....	23	293	52	345	343	321	131	189	25	...	345	

IX. Preparation and Distribution of Text Books and other Educational Literature.

53. The book depôt at Merkara continued to be in charge of Mr. A. Ram Rao, assistant master in the central school. The books are procured as a rule from the Mysore Government book depôt at Bangalore, and the proceeds of the sales paid into the Merkara treasury to the credit of the Mysore Government. The value of the stock in hand, at the beginning of the year, was Rs. 283—3—0. Stock to the value of Rs. 105—8—9 was received during the year. The sales amounted only to Rs. 166—6—3, leaving a balance in hand at the close of the year, of Rs. 222-5-6.

The system of book-supply is very unsatisfactory and needs complete revision. The Curator in charge of the Mysore Government book depôt at Bangalore has recently written to say that he can no longer supply branch depôts with books, so that fresh arrangements are absolutely necessary. The subject will be referred to in a separate communication.

Employment of Students in the Public Service.

54. The following statement gives the names and present occupation of students who have passed the First-in-Arts and higher examinations of the Madras University:—

COORGS.

No.	Names.	Occupation.
	A. Bachelor of Laws.	
1	Kambecrandra Nanjappa, B. A. B L., ...	High Court Vakeel, Merkara.
	B. Bachelors of Arts.	
1	Chendrimada Appaya	Student, Forest School, Dehra Dun.
2	Chonira Karriappa	Do Law College, Madras.
	C. Licentiates in Medicine and Surgery.	
1	Koravandra Appaya	Assistant Surgeon, Bowring Hospital, Bangalore.
2	Kodandra Ganapathi	Do do Cuddapa.
	D. Passed the F. A. Examination.	
1	Kodandra Madaya	Deputy Commissioner, Mysore service.
2	Maneyapandra Muthanna	Assistant Conservator of Forests, Central Provinces.
3	Biddandra Nanjappa	Parpattigar, Yedenalknad taluk, Coorg.
4	Pandandra Belliappa	Student, Medical College, Madras.
5	Malatti Machaya	Unemployed.
6	Kodanda Nanjappa	Student, Medical College, Madras.
7	Kodimaniyandra Subbaya	Advocate, Merkara.
8	Paruvangada Bheemaya	Student, Christian College, Madras.
9	Chendrimada Kerumbaya	Do do.
10	Kodanda Machaya	Do do.

NON-COORGS.

	A. Bachelors of Arts.	
1	N Veerabhadriah	Assistant master, Chitaldroog High school.
	B. Passed the F. A. Examination.	
1	N. Ramachendriah	Student, Central College, Bangalore.
2	M. Srinivasa Rao	Assistant master, English school, Virajpet.
3	B. Krishnaya	Munshi in the Coorg Commissioner's office.
4	I. Nagarathnam	Student, Christian College, Madras.
5	B. K. Rangachari	Assistant master, St. Marks school, Merkara.

I have the honor to be,

Sir,

Your most obedient servant

E. MARSDEN

Inspector of Schools, Coorg.

* The percentages required for 2 (a), 2 (b), 2 (c) are to be calculated from the figures given in columns 7 a, 7 b, 7 c, respectively, of General Table IV.

† The annual cost is calculated on the direct expenditure only. The average cost of educating each pupil is obtained by dividing the direct expenditure by the average number on the rolls monthly during the year.

‡ The average cost of each pupil in Local Fund and municipal schools is to be obtained from the figures given in General Table VII.

§ Fractions of a rupee should be omitted, except in the columns showing the average annual cost of educating each pupil.

EDUCATION, GENERAL TABLE III.
